This is the secret magic formula to make Mai-chan fall in love with me!
...What's that?
You don't have to use a spell or anything like that,
because I've been in love with you for a long time.
She said that.

Ah!
Ecchaaaan!
She kissed me, a third year in middle school,
her being the big sister that's eight years older than me living nearby.
Congratulations! You passed your high school entrance test!!
Was my homeschooling helpful?
Mai-cha...
